

Electric locomotive Ae 6/6 „Canton locomotive“, SBB

Epoch: IV - V

14+

Art. No.: 737293

€284,90

Electric locomotive Ae 6/6 „Canton locomotive“, SBB. Epoch IV–V.

Technically and visually revised model. The canton loco in true to the original red livery has a false light replica, Swiss light change and switchable DCC sound functions.

Model equipped with in-built load sensing digital decoder and true to the original sound functions from factory.

Metal die-cast chassis. Motor with flywheel. 8 powered wheels, 2 of them with traction tyres. Current draw on all axles.

Triple LED headlights on both sides of the loco that change with the direction of travel. Brand new: Swiss light change. Close coupling mechanism on both sides of the loco for real close coupling if PROFI couplers 9545 are used (Delivery condition: Standards couplers). Coupler pockets according to NEM 355 standards. Closed front skirt is attached to the package.

Specifications:
