

Double deck car carrier wagon unit for goods trains, DB

Epoch:

Art. No.: 822401

Double deck car carrier wagon unit for goods trains, type Laaes 541, of the Deutsche Bundesbahn DB.

- * True to original livery and lettering
- * Perfect for the formation of block trains

These cars always go in pairs. In short: the left side of the coach carrier as illustrated in the picture - means the side where the "hand crank" is - always runs in outside position.
