

2 piece set tank wagons, VTG

CAD-Zeichnung / CAD drawing

Epoch: IV

14+

Art. No.: 825810

€69,90

Set of two 4-axle tank wagons, type Uahs, of the VTG, hired out to the Deutsche Bundesbahn.

Completely new design!

- Delicately designed reproduction of the fittings and brake system
- Each wagon has a different running number
- VTG lettering

The four-axle type Uahs tank wagons (from 1980 designated Zas) with a liquid capacity of 880 hl or 88 m³, built from 1972 onwards, were hired out as private wagons [P] from wagon rental companies to many railway administrations. The wagons were used to transport heavy oil and mineral oil products.

Specifications:

General data

Coupling NEM shaft 355 with close coupling mechanism

Measurements

Length over buffer 196 mm
