

2 piece set tank wagons, ÖBB

ÖBB

CAD-Zeichnung / CAD drawing

Epoch: IV - V

14+

Art. No.: 825812

=

Set of two 4-axle tank wagons of the Austrian Mineralöl Vertriebsgesellschaft hired out to the Austrian Federal Railways.

Completely new design!

- Rich detailing on the models
- Each wagon with different running number
- Wagons with type Y25 bogies in a welded design
- With round buffers

The four-axle type Uahs tank wagons (from 1980 designated Zas) with a liquid capacity of 880 hl or 88 m³, built from 1972 onwards, were hired out as private wagons [P] from wagon rental companies to many railway administrations. The wagons were used to transport heavy oil and mineral oil products.

Specifications:

General data

Coupling NEM shaft 355 with close coupling mechanism

Measurements

Length over buffer 196 mm
