

Z21 professional digital set

Art. No.: 10834

€479,90

Z21 professional digital set.

The Z21 digital control centre connects your model railway system, your digital locomotives and your wagons via WLAN using your tablet, smartphone or the Z21 WLANMAUS. No additional network knowledge is required for the purpose. You can easily extend your Z21 digital control centre due to the numerous interfaces. This makes it the ideal basis for PC-supported automation.

Contents:

- 1 Z21 digital control centre
- 1 Z21 WLANMAUS
- 1 WiFi router
- 1 plug-in power supply
